

Hand Sign Recognition using Transfer Learning

Winter 2022

Course: ENEL645 - Data Mining and Machine Learning

Hand Sign Recognition using Transfer Learning

Winter 2022

by

Group - 13

Student Name	Student ID
Dishank Bhavsar	30136156
Jay Patel	30110511
Karnav Joshi	30126641
Manan Patel	30126849
Romil Patel	30129768
Vishal Patel	30126128

Instructor: Dr. Roberto Medeiros de Souza
Institution: University of Calgary
Place: Schulich School of Engineering, Calgary
Project Submission: Monday 4th April, 2022

**UNIVERSITY OF
CALGARY**

Task Division and Consensus Scores

Student Names	Contribution	Score
Dishank Bhavsar	Data collection and preparation of data set	3
Jay Patel	Video editing and preparation for final presentation	3
Karnav Joshi	Preparation of code for data collection	3
Manan Patel	Preparation of code for model training; training the model and using the model for the output prediction	3
Romil Patel	Literature review pertaining to the model selection; gather results after execution of the model	3
Vishal Patel	Report and documentation work	3
